

# Go With the FLow ...

Looking at *water* in a whole new way

**A community workshop designed  
to Educate, Equip, and Empower**

**When:** Sunday, August 22

**Where:** Hopleaf Bar  
5148 N Clark St.

**Time:** 2:30 - 4:00pm

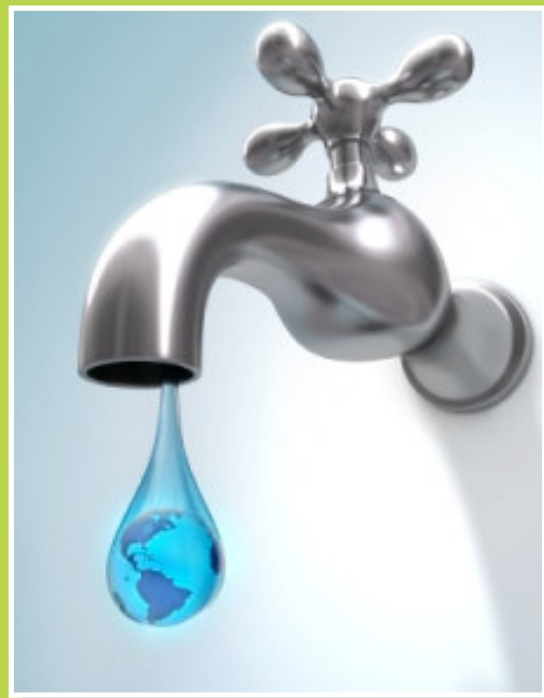

**Register at:** [www.ThreeNeighbors.org](http://www.ThreeNeighbors.org)

Water is arguably our planet's most precious resource. Less than 1% of Earth's freshwater is readily accessible for direct human use. Water managers in 36 U.S. states expect water shortages by 2013.

*"The wars of the next century will be about water"*  
-- Ismail Serageldin, Vice-President of the World Bank

## **Workshop Agenda:**

- **Global & Regional Water Issues**
- **City of Chicago Water Issues**
- **Practical Ways to Save Water Every Day**
- **How to Advocate for Sound Water Policies**

Attend our workshop and receive absolutely FREE: (1) a faucet aerator, (2) a low-flow showerhead, and (3) a reusable water bottle (BPA-free)!

Stick around after the workshop to chat with workshop presenters and enjoy a refreshing Green Line Beer, part of Goose Island's environmental sustainability initiative.
