Great news Chicagoland!

You now have more CSA choices than ever. Please use this guide to narrow down your search by pickup location. Then, visit The Local Beet (www.thelocalbeet.com) for more information about your top choices, or check out the farm's website or give them a call. This guide contains single-farm CSA, multi-farm CSA, year-round options which supplement from non-local sources in the off-season, and even meat CSA listed on the back. No matter how you choose, you're supporting Good Food Farmers!

The 2012 Guide to Chicagoland CSA is a joint production of FamilyFarmed.org and the Local Beet.
